

## Dangerous Goods

QAS Aviation Academy is licensed by the SA CAA to conduct training on all categories of Dangerous Goods.

This component of the licensing is essential for all Crew Members to be knowledgeable and vigilant on board an aircraft.

Dangerous Goods are articles or substances which are capable of posing a risk to health, safety, property or the environment.

You will understand which items, their different classes and why these items may not be carried on board.

Through this module you will be able to Identify the different classes and divisions of Dangerous Goods, read and prepare a shippers' declaration and determine packaging requirements

**Initials and Refresher Training is offered for this module.  
Requires 80% pass mark on final open-book examination.**

Dangerous Goods Training will include but is not limited to the following modules:

### **Introduction**

General philosophy  
Examples of Dangerous Goods

### **Limitations**

Forbidden Dangerous Goods  
Hidden Dangerous Goods

### **Labelling and Marking**

Examples of all markings and labels  
Markings for Overpacks

### **Recognition of undeclared dangerous goods**

Principle of hidden/undeclared Dangerous Goods  
Types of hidden/undeclared Dangerous Goods

### **Provisions for passengers and crew**
